

RAXTAR SIZE MATTERS

Bigger, stronger, faster, safer

The construction industry is evolving, demanding bigger, stronger, faster and safer solutions with unmatched size and capacity.

RAXTAR's Size Matters Hoists are engineered to excel in today's construction environments. From dense urban high-rises to high-volume modular builds and everything in between.

Designed for high-capacity and high-speed vertical transport, these hoists streamline logistics by reducing crane dependency, accelerating build times and enabling the movement of prefabrication modules, heavy machinery and oversized logistics materials with ease. When it comes to vertical logistics, SIZE MATTERS.

THE SIZE MATTERS ADVANTAGE

- Length up to 7,8 m / 25 1/2' ft
- Width up to 3,5 m / 11' 6" ft
- Minimal crane time required
- Easy handling of large materials
- C-Gate for WB 2.0 / 6' 7" & 2.5 / 8' 2"
- Optional hydraulic ramp
- Logistical data insights via RX Control

USE CASES

Prefabrication-Friendly

Ideal for lifting full-sized prefab units, bathroom & kitchen pods, or modular systems without modification.

High-Rise

Single and or dual mast design and high-speed operation make it perfect for congested urban sites.

Time-Sensitive Projects

Faster setup, high-speed lifts, and reduced crane dependency help keep your timelines on track.

Smart Logistics

Optimize vertical material flow and reduce wait times with RX Control Next Level data solution.

WAY UP
RAXTAR

+31 88 369 0090 | SALES@RAXTAR.COM

BIGGER PLATFORM

Width | Ranging from 1,5 to 3,5 m / 5' to 11' 6"

Length | Ranging from 4,40 to 7,80 m / 14' 5" to 25 1/2'

Suitable for large materials e.g. façade panels, prefabricated units

SAFETY & CONTROL

Data solution **RX Control Next Level** for data-driven performance

Overload detection, automatic greasing, intelligent hoist allocation calling system

FAST LIFTING SPEEDS

Ranging from 54 to 92 m/min / 177 to 300 fpm

Built for efficiency on tall structures

HIGH PAYLOAD CAPACITY

Ranging from 2,700 to 5,500+ kg / 5,900 to 12,000+ lbs

Designed for heavy-duty construction projects

POPULAR SIZE MATTER HOISTS

T2 - RX4678SFT

Payload | 4600 kg / 10000 lbs

Cabin size | 7,80 x 1,50 x 3,50 m / 25 1/2' x 5' x 11 1/2'

Titan - RX4055DF

Payload | 4000 kg / 8800 lbs

Cabin size | 5,50 x 3,50 x 2,60 m / 18' 1/2" x 11' 6" x 8' 6 3/6"

Efficiency example

Method	Pods moved
Tower crane	1 pod / 20 min
RX wide body hoist	4 pods / 12 min

IN NEED OF HEAVY DUTY VERTICAL TRANSPORT?

RAXTAR's Size Matters hoists are readily available for sale and in our rental fleet. Contact a RX Expert today to learn how our solutions can match your jobsite requirements!
